About Us

50 +

NEXNOVO products have been sold to over 50 countries

Headquartered in Shenzhen, China
NEXNOVO has done many successful projects all over the world

30 +

The inventor and manufacturer of the world's first transparent led display

- NEXNOVO TECHNOLOGY CO. LTD, formerly named GWS TECHNOLOGY, is the inventor and manufacturer of the world's leading transparent LED displays. The company holds over 30 patents on its transparent LED displays. NEXNOVO strives to continue in extending its speciality and innovation in the research and development, production and sales of transparent LED displays .
- The current product models include XT, XRW, NR and NS series, which are designed for a wide range of applications such as retail windows, restaurants, shopping malls, airports, museums, financial institutions, trade shows, events, festivals, media architecture and many other areas. With pixel pitch ranging from 2.5mm to 30mm and brightness between 1000nits and 7500nits. NEXNOVO products have been by far the clearest and brightest transparent LED display in the world .
- Our clients include brands like Lamborghini, Land Rover, ZARA, Chow Sang Sang, Wing Lung Bank, BlueShore Financial, McDonald's, Primark , etc. Through NEXNOVO continuous effort on product innovation and design, the latest NS&NR series are made simpler, friendlier, lighter, more durable, energy efficient and aesthetically appealing. NEXNOVO TECHNOLOGY and its products will bring real competitive advantages to your business.

Holding over 30 patents

NEXNOVO TECHNOLOGY has always been devoted to the development of transparent LED display, and leads the trend of this field with unique patented technology.

Basic Key Technology

Matte encapsulation technology improves color mixture effect.

Complete black frame strengthen contrast.

The connection craft with double gold wires guarantees best reliability.

With monthly output over 400million pcs, this led lamp is produced with single BIN from one batch to ensure excessive uniformity in brightness

High Quality LED Lamp

LED lamp is outdoor SMD1921 from famous brand which is high brightness,waterproof and Anti-UV.

Water-proof

Anti-UV

High Brightness

3D-SMT Technology

NEXNOVO paid more than 3 years to research the 3D-SMT technology. Every plate on the PCB side is with 8 times of deep processing to ensure a strong connection between the LED and the PCB.

The connection of each single LED is strong enough to force at least 4 Newton (about 0.4kg), which ensures a stable working .

LED strip

Module

Based on our special 3D-SMT technology LED strip, it is able to design different kinds of LED module for different purpose. Every NEXNOVO finished product is based on many single processing or detail design.

PROJECT
CASES

NEXNOVO successful project cases
are spreading all over the world

The choice of many famous
national brands

Bring more added value to brand
and promote sales

transparent LED poster awarded
with IF in 2017

Behind the glory,
it is NEXNOVO's consistence pursuance,
sparing no efforts.

[Wisdom]

Gathered strength from well-known industrial
designers and engineers,
we make it more and more brilliant

[Standard]

Voted solutions again and again,
we improve user experience gradually

[Quality]

With high-quality productive technology,
we perfect it in the details

[Market]

NEXNOVO solutions highly enhanced brand
value to users around the world
